End of History and the Last ManFrancis Fukuyama 2006-03-01 Ever since its first publication in 1992, The End of History and the Last Man has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, The End of History and the Last Man is a modern classic.

School, Family, and Community PartnershipsJoyce L. Epstein 2018-07-19 Strengthen family and community engagement to promote equity and increase student success! When schools, families, and communities collaborate and share responsibility for students' education, more students succeed in school. Providing for the Casualties of WarBernard D. Rostker 2013-04-29 War has always been a dangerous business, bringing injury, wounds, and death, and--until recently--often disease. What has changed over time, most dramatically in the last 150 so years, is the care these casualties receive and who provides it. This book looks at the history of how humanity has cared for its war casualties and veterans, from ancient times through the aftermath of World War II.

Once Upon a Mulberry Field. L. Hoàng 2014 Roger Connors, a widower with no children, is pondering whether to pursue aggressive treatment for his cancer when a cryptic note arrives from a long-lost USAF buddy announcing the visit of an acquaintance from Vietnam. Faced with ghosts of fallen comrades and haunting memories of the great love he once knew, Connors receives revelations from his visitor that uncover a missing part of his life. As he delves into a decades-old secret in search of answers and traces of a passion unfulfilled, on a journey from the jungles of Vietnam through the minefields of the heart, Connors is on a journey fraught with disillusionment and despair but ultimately redeemed by the power of love.

The Three Wars of Lt. Gen. George E. Stratemeyer George E. Stratemeyer 1999 In this volume, we examine the challenges and opportunities created by global migration at the start of the 21st century. Our focus extends beyond economic impact to questions of international law, human rights, and social and political incorporation. We examine immigrant outcomes and policy questions at the global, national, and local levels. Our primary purpose is to connect ethical, legal, and social science scholarship from a variety of disciplines in order to raise questions and generate new insights regarding patterns of migration and the design of useful policy. While the book incorporates studies of the evolution of immigration law globally and over the very long term, as well as considerations of the magnitude and determinants of immigrant flows at the global level, it places particular emphasis on the growth of immigration to the United States in the 1990s and early 2000s and provides new insight on the complex relationships between federal and state politics and regulation, popular misconceptions about the economic and social impacts of immigration, and the status of 'undocumented' immigrants.

Managing Conflict of Interest in the Public Sector A Toolkit 2005-08-30 This Toolkit provides non-technical, practical help to enable officials to recognise conflict of interest situations and help them to ensure that integrity and reputation are not compromised.

PISA Take the Test Sample Questions from OECD's PISA Assessment OECD 2009-02-02 This book presents all the publicly available questions from the PISA surveys. Some of these questions were used in the PISA 2000, 2003 and 2006 surveys and others were used in developing and trying out the assessment.

The Real North Korea Andrei Lankov 2014-12-01 After providing an accessible history of the nation, the author turns his focus to what North Korea is, what its leadership thinks and how its people cope with living in such an oppressive and poor place, arguing that North Korea is not irrational, but rather a nation that has survived against all odds.

New York Magazine 1994-06-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Bulletin of the Atomic Scientists 1995-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

United States A. Robert Lee 2011-11-28 Aquest estudi analitza un ordre literari canviat: Amèrica com unitat i diversitat, com un ens nacional i transnacional. Els escrits crítics literaris reunits aquí ofereixen una sèrie de perspectives que tracen gran part de la geografia cultural en joc: la narrativa, l'autobiografia, el teatre, etc. Es presenten també un conjunt d'assajos i ressenyes que, amb diverses direccions d'enfocament, posen atenció als fonaments previs a Colón, a una antologia canònica nord-americana de poesia i al que s'ha omès; la narrativa llatina i als principals dramaturgs antics. Inclou entrevistes a creatius i acadèmics com Gerald Vizenor, Frank Chin, Louis Owens, John Cawelti i Rex Burns. La secció de ressenyes final ofereix una sèrie de monografies de rellevant erudició multicultural així com contribucions a l'emergent i ampli mural d'anàlisi.

Resources in Education 1997

Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

Black Soldier, White Army William T. Bowers 1997-05 The history of the 24th Infantry regiment in Korea is a difficult one, both for the veterans of the unit & for the Army. This book tells both what happened to the 24th Infantry, & why it happened. The Army must be aware of the corrosive effects of segregation & the racial prejudices that accompanied it. The consequences of the system crippled the trust & mutual confidence so necessary among the soldiers & leaders of combat units & weakened the bonds that held the 24th together, producing profound effects on the battlefield. Tables, maps & illustrations.

Blue Dreams Nancy Abelmann 1995 No one will soon forget the image, blazed across the airwaves, of armed Korean Americans taking to the rooftops as their businesses went up in flames during the Los Angeles riots. Why Korean Americans? What stoked the wrath the riots unleashed against them? Blue Dreams is the first book to make sense of these questions, to show how Korean Americans, variously depicted as immigrant seekers after the American dream or as racist merchants exploiting African Americans, emerged at the crossroads of conflicting social reflections in the aftermath of the 1992 riots. The situation of Los Angeles's Korean Americans touches on some of the most vexing issues facing American society today: ethnic conflict, urban poverty, immigration, multiculturalism, and ideological polarization. Combining interviews and deft socio-historical analysis, Blue Dreams gives these problems a human face and at the same time clarifies the historical, political, and economic factors that render them so complex. In the lives and voices of Korean Americans, the authors locate a profound challenge to cherished assumptions about the United States and its minorities. Why did Koreans come to the United States? Why did they set up shop in poor inner-city neighborhoods? Are they in conflict with African Americans? These are among the many difficult questions the authors answer as they probe the transnational roots and diversity of Los Angeles's Korean Americans. Their work finally shows us in sharp relief and moving detail a community that, despite the blinding media focus brought to bear during the riots, has nonetheless remained largely silent and effectively invisible. An important corrective to formulaic accounts that have pitted Korean Americans against African Americans, Blue Dreams places the Korean American story squarely at the center of national debates over race, class, culture, and community. Table of Contents: Preface The Los Angeles Riots, the Korean American Story Reckoning via the Riots Diaspora Formation: Modernity and Mobility Mapping the Korean Diaspora in Los Angeles Korean American Entrepreneurship American Ideologies on Trial Conclusion Notes References Index Reviews of this book: Blue Dreams--a poetic allusion to the clear blue sky that Koreans see as a symbol of freedom--is a welcome exploration by outsiders into the vexing and largely invisible Korean-American predicament in Los Angeles and the nation. [Abelmann and Lie 's] colorful interview subjects offer sharp observations. --K.W. Lee, Los Angeles Times Reviews of this book: An informed and thoughtful examination of Korean immigration to the United States since 1970...[Abelmann and Lie] show that even in a period as short as twenty-five years, there have been successive waves of differently motivated, differently resourced Korean immigrants, and their experiences and reactions have differed accordingly. --Michael Tonry, Times Literary Supplement Reviews of this book: [The authors'] transnational perspective is particularly effective for explicating Korean immigrants' behaviors, activities, and feelings...Interesting and readable. --Pyong Gap Min, American Journal of Sociology Reviews of this book: Beginning with a poetic book title, the authors recount in depth as to how the 'Blue Dreams' of the Korean-American merchants in East Los Angeles had shattered in the midst of [the] 1992 riot that turned out to be 'elusive dreams' in America...The book not only portrays the L.A. riot surrounding the Korean merchants, but also characterizes diaspora of the Koreans in America. The authors have also examined with scholarly insights the more complex socioeconomic and political underplay the Koreans encountered in their 'Promised New Land'. --Eugene C. Kim, International Migration Review

The Korean War in History James Cotton 1989

The Practice of Industrial Policy John Page 2017-04-06 This is an open access title available under the terms of a CC BY-NC-SA 3.0 IGO licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Industrial policy still generates more heat than light among economists and development practitioners. However, there appears to be a growing consensus that markets can fail both when governments interfere too much and when they engage too little. Governments have now begun to look for a more balanced strategy to accelerate structural transformation and growth. Such a balanced approach is critically needed in Africa, where 20 years of levelling the playing field have failed to produce rapid structural transformation. This book contributes to the design of that new approach, exploring existing experiences and providing guidance on priority areas for action in strengthening government-business coordination.
