This American History 14th Edition, as one of the most involved sellers here will certainly be along with the best options to review.

[A First Book in American History](#) Edward Eggleston 1920

[The Federalist Papers](#) Alexander Hamilton 2009-04-28 This authoritative edition of the complete texts of the Federalist Papers, the Articles of Confederation, the U.S. Constitution, and the Amendments to the U.S. Constitution features supporting essays in which leading scholars provide historical context and analysis. An introduction by Ian Shapiro offers an overview of the publication of the Federalist Papers and their importance. In three additional essays, John Dunn explores the composition of the Federalist Papers and the conflicting agendas of its authors; Eileen Hunt Botting explains how early advocates of women's rights, most prominently Mercy Otis Warren, Judith Sargent Murray, and Charles Brockden Brown, responded to the Federalist-Antifederalist debates; and Donald Horowitz discusses the Federalist Papers from the perspective of recent experiments with democracy and constitution-making around the world. These essays both illuminate the original texts and encourage active engagement with them.

Fraud Edward J. Balleisen 2018-12-18 In America, fraud has always been a key feature of business, and the national worship of entrepreneurial freedom complicates the task of distinguishing salesmanship from deceit. In this sweeping narrative, Edward Balleisen traces the history of fraud in America—and the evolving efforts to combat it—from the age of P. T. Barnum through the eras of Charles Ponzi and Bernie Madoff. This unprecedented account describes the slow, piecemeal construction of modern institutions to protect consumers and investors—from the Gilded Age through the New Deal and the Great Society. It concludes with the more recent era of deregulation, which has brought with it a spate of costly frauds, including corporate accounting scandals and the mortgage-marketing debacle. By tracing how Americans have struggled to foster a vibrant economy without encouraging a corrosive level of cheating, Fraud reminds us that American capitalism rests on an uneasy foundation of social trust.

[American History Connecting with the Past](#) Alan Brinkley 2012

American History: Connecting with the Past Alan Brinkley 2014-10-08 The latest iteration of Alan Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. 0073513296

AP* U.S. History Review and Study Guide Aligned With American Pageant 15th Edition Mill Hill Books 2015-10-07 Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course.

Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

The City in American History Blake McKelvey 2021-06-16 Originally published in 1969, this book summarizes the findings of a comprehensive survey of the successive roles played by the explosive constellations of cities in American history. The book examines how and in what respects the planting and developing of cities influenced and was influenced by the colonial settlement, the achievement of independence, the occupation of the continent, the development of industrial enterprise, the challenge of foreign wars, the fluctuations of a dynamic economy and the frustrations of social and political strife in a democracy. Illuminating selections from original source documents add many graphic details and give a human dimension to this interpretation.

The Routledge History of American Sport Linda J. Borish 2016-10-04 The Routledge History of American Sport provides the first comprehensive overview of historical research in American sport from the early Colonial period to the present day. Considering sport through innovative themes and topics such as the business of sport, material culture and sport, the political uses of sport, and gender and sport, this text offers an interdisciplinary analysis of American leisure. Rather than moving chronologically through American history or considering the historical origins of each sport, these topics are dealt with organically within thematic chapters, emphasizing the influence of sport on American society. The volume is divided into eight thematic sections that include detailed original essays on particular facets of each theme. Focusing on how sport has influenced the history of women, minorities, politics, the media, and culture, these thematic chapters survey the major areas of debate and discussion. The volume offers a comprehensive view of the history of sport in America, pushing the field to consider new themes and approaches as well. Including a roster of contributors renowned in their fields of expertise, this ground-breaking collection is essential reading for all those interested in the history of American sport.

Criminal Evidence Jefferson L. Ingram 2014-09-30 Criminal Evidence is a well-respected and trusted introduction to the rules of criminal evidence for criminal justice students and professionals. The first half of this book follows the Federal Rules of Evidence in its explanation of how evidence is collected, preserved, and presented in criminal court. The second half provides a selection of relevant criminal court cases that reinforce these basics and provide the context of how these rules are currently practiced. Readers will have an understanding of how concepts of evidence operate to convict the guilty and acquit the innocent. Part of the John C. Klotter Justice Administration Legal Series, this twelfth edition provides many updates, new references to recent cases, and a current version of the Federal Rules of Evidence. Student aids include chapter outlines, key terms and concepts lists, a glossary, a table of cases cited, and online interactive case studies. Teacher resources include Instructor's Guide, test bank, and PowerPoint slides. Thoroughly revised, updated, and streamlined to include recent case law on evidence Each chapter includes outlines, key terms and concepts, and review questions to aid understanding Appendices include a helpful glossary; Federal Rules of Evidence as amended and effective through December 1, 2013; Table of Jurisdictions That Have Adopted Some System of Uniform Rules for Regulating the Admission and Exclusion of Evidence through 2014; and Table of Contents of the Uniform Rules of Evidence with 2005 Amendments

Aspects of American History Simon Henderson 2009-01-26 Aspects of American History examines major themes, personalities and issues across American history, using topic focused essays. Each chapter focuses on key events and time periods within a broad framework looking at liberty and equality, the role of government and national identity. The volume engages with its central themes through a broad ranging examination of aspects of the American past, including discussions of political history, foreign policy, presidential leadership and the construction of national memory. In each essay, Simon Henderson: introduces fresh angles to traditional topics consolidates recent research in themed essays analyzes views of different historians offers an interpretive rather than narrative approach gives concise treatment to complex issues. Including an introduction which places key themes in context, this book enables readers to make comparisons and trace major thematic developments across American history.

A People's History of the United States Howard Zinn 2003-02-04 Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

The 1619 Project Nikole Hannah-Jones 2021-11-16 #1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, The 1619 Project: A New Origin Story offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Explaining the History of American Foreign Relations Michael J. Hogan 2004-01-19 Revised and updated introduction to American diplomatic history.

History of the United States of America George Bancroft 1892

Harvard Guide to American History Frank Burt Freidel 1974 Notes on research methods and materials accompany a one-volume reference guide to publications dealing with

America's historical development

A Concise American History David Brown 2020-09-02 Expertly steering readers through the often tumultuous and exhilarating history of the United States, from its early modern Native American roots to twenty-first-century neoliberalism and the shifting political climate of the past decade, this highly readable textbook provides a compelling overview of American development over the last five centuries. This book avoids either celebratory or condemnatory rhetoric to present a critical examination of domestic America and its interaction with the rest of the world. Balancing coverage of political, social, cultural, and economic history, each chapter also includes a wealth of features to facilitate learning: Timelines situating key events in their wider chronology Lists of topics covered within each chapter for easy reference Concept boxes discussing selected issues in more detail Historiography boxes exploring key debates Chapter summaries offering condensed outlines of the main themes of each chapter Further reading lists guiding readers to additional resources Maps and images bringing to life important events and figures from America's history Clearly and engagingly written and positioning America's narrative within the wider global context, this textbook is particularly accessible for non-US students and is the perfect introduction for those new to US history. This textbook is also supported by a companion website offering interactive content including a timeline, multiple-choice quizzes, and links to selected web resources.

A Synopsis of American History Charles Sellers 1974

America's History James A. Henretta 2018-02-12

American History Teacher's Book of Lists Fay R. Hansen 1999-12-07 This unique information source and time saver for us history and social studies teachers is packed with over 325 useful lists for developing instructional materials and planning lessons for students from the fifth through the twelfth grades. For quick access and easy use, all of these lists are organized into six parts, grouped by topic and sequenced chronologically within each section, and printed in a big spiral bound format that can be photocopied as many times as required for individual or group instruction. Here are just a few examples of the interesting and challenging information you'll find to enrich and enhance your American history and social studies classes: Beginnings features 43 lists covering early populations and explorer, natural history, the colonies, Puritanism, the American Revolution, expansion, the Constitution and early political documents. List start with Pre-Columbian Population Groups of North America, move on to Chronology of the 1600s and 1700s and Colonies and Founders, and conclude with Major Battles in the Revolutionary War and The War of 1812. Political history includes 54 lists focusing on the presidency, cabinet departments, federal agencies, electoral politics, Congress and congressional leaders, the judiciary, Supreme Court cases, the balance of powers and state government. Examples include Presidential Elections, Important Supreme Court Cases, Steps in the Legislative Processes, and Chronology of the Watergate Crisis. Diplomacy and military history provides 66 lists featuring foreign relations, treaties, slavery and the Civil War, 19th century conflicts, World Wars I and II, the Korean, Vietnam, and Persian Gulf Wars, the United Nations, the armed forces, major weapons and military costs. Lists range from American Nobel Peace Prize Winners and United Nations Secretaries General to Spies and Espionage and Chronology of the Development of the Atomic Bomb. Economic history presents 57 lists that track industrial and technological development, the Great Depression, the New Deal, the public debt and deficits, economic growth, inflation, employment, the work force, trade unions, business leaders, and corporation. Examples include Major Industrial and Technological Inventions and Achievements, Ten Largest Banks, Wealthiest Americans, Women in the Work Force, and Ten Industries and Occupations with Fastest Employment Growth, 1996-2006. Social history offers 71 lists covering population trends, urbanization, income trends, poverty, public health, education, crime rates and prison system, ethnic groups, the civil rights movement, the women's right movement, American Indian populations, notable families and religious life. The lists range from Urban Populations in 1800 and Most Popular Given Names, 1880-1997 to Major Events in the Civil Rights Movement and American Indian Tribes With Populations Greater Than 30,000. Intellectual and cultural history gives you 42 lists focusing on American writers, visual arts, academic disciplines, performing arts, radio and television, popular music and public libraries. For example, lists such as Major Scientific Discoveries and Important American Architects are balanced with Best Sellers in the 1960s, to offer a glimpse of the culture of that decade, and Protest Songs of the 1960s and 1970s and Most Played U.S. Jukebox Singles of All Times, to spark interest and add fun. In short, American History Teacher's Book of Lists places in your hands and unparalleled source of good examples, teachable content, teaching ideas and activities that might otherwise take many years and much effort to acquire.

It's on everyone's bookshelves; it's in every traveller's hands. It's on mobile phones. It's on the Internet. It's everywhere, and it's telling entire generations of people how to travel the world.' – Fairfax Media (Australia) *Source: Nielsen BookScan: Australia, UK, USA, 5/2016-4/2017 Important Notice: The digital edition of this book may not contain all of the images found in the physical edition.

American History Alan Brinkley 2011-06-01 Alan Brinkley's American History sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for American History: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. – Back cover.

Brinkley, American History: Connecting with the Past UPDATED AP Edition, 2017, 15e, Student Edition Alan Brinkley 2016-01-06 Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

American History Alan Brinkley 2006-08-30 Highly respected for its impeccable scholarship and elegant writing style, Alan Brinkley's American History provides students and instructors with a reliable, comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of American political and diplomatic history. Today, the book explores areas of history such as social, cultural, urban, racial and ethnic history, the history of the West and South, environmental history, the history of women and gender, and American history in a global context. The twelfth edition of this text includes the McGraw-Hill's Hit Primary Source Investigator (PSI) cd-rom, with hundreds of sources and a program that walks students through how to write a paper using those sources as evidence.

Brinkley's American History 15th Edition+ Student Workbook (AP® Edition) David Tamm 2015-08-03 Kaplan's, 5-Steps, Crash Course and the others are great resources for reviewing in the last month before the exam, but Tamm's Textbook Tools workbooks accompany students all year long. This AP U.S. History companion is filled with vocab and assignments that follow the Brinkley book for all 32 chapters. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be done as regular homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. When publishers started putting their content online, it opened a niche for traditional school assignments, a void filled by this series. Additionally, whether the textbook itself is written in ink or electrons, many students still like to write and keep notes for themselves, and portfolios still matter. These activities challenge students to apply the concepts, give examples, and diagram each chapter. Find TTT on FB.

The American Nation Mark Christopher Carnes 2011-01 Conforms to the information resources of the web site MyHistoryLab.

American Pageant David M. Kennedy 2015-01-01 THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part prompts and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American History: Connecting with the Past Alan Brinkley 2011-06-02 Connect students to the experience of history. Connect students to success in history. Alan Brinkley's American History demonstrates that history is a dynamic story rather than a static collection of names and dates. American History shows an ongoing narrative, exploring historical evidence that teaches us about the past while revealing connections to the present. Known for its clear, single, balanced voice and impeccable scholarship, American History, Alan Brinkley's best-selling survey text propels students to think critically about the many forces that continually create and re-create the history of the United States. In this wide-ranging narrative, Alan Brinkley shows the diversity and complexity of the nation and of our understanding of its history—an understanding that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This 14th edition features a new series of Consider the Source essays, superior in-text learning tools, four new America in the World essays, and extensive content updates that demonstrate how a new generation of historians and of historical actors continues to shape the American story. And now, the most exciting of all, Alan Brinkley's American History offers Connect History, an innovative online assignment and assessment platform, which combines a fully integrated eBook with powerful learning and teaching tools. Tools that make assessment easier, learning more engaging, and studying more efficient. For example within Connect History, a groundbreaking adaptive diagnostic, LearnSmart, provides a personalized study experience for each student ensuring the mastery of basic chapter content. Additionally with Connect History, engaging interactivities such as Critical Missions immerse students in pivotal historical events, asks them to explore these situations, and then, make recommendations based on their findings. Connect History sharpens students' analytical skills, increases historical understanding, and improves overall course success.

Lies My Teacher Told Me James W. Loewen 2007-10-16 Criticizes the way history is presented in current textbooks, and suggests a fresh and more accurate approach to teaching American history.

Cuba (Winner of the Pulitzer Prize) Ada Ferrer 2021-09-07 The epic history of Cuba from before Columbus arrived to modern times and its complex relationship with the United States

Give Me Liberty! Eric Foner 2017-07 The leading text in the U.S. survey course.

The American Yawp Joseph L. Locke 2019-01-22 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be

available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

These Truths: A History of the United States Jill Lepore 2018-09-18 New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," *These Truths* observes. "It can't be shirked. There's nothing for it but to get to know it."

U.S. History P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The Teaching American History Project Rachel G. Ragland 2010-05-26 The premise of the Teaching American History (TAH) project—a discretionary grant program funded under the U.S. Department of Education's Elementary and Secondary Education Act—is that in order to teach history better, teachers need to know more history. Unique among professional development programs in emphasizing specific content to be taught over a particular pedagogical approach, TAH grants assist schools in implementing scientifically-based research methods for improving the quality of instruction, professional development, and teacher education in American history. Illustrating the diversity of these programs as they have been implemented in local education agencies throughout the nation, this collection of essays and research reports from TAH participants provides models for historians, teachers, teacher educators, and others interested in the teaching and learning of American History, and presents examples of lessons learned from a cross-section of TAH projects. Each chapter presents a narrative of innovation, documenting collaboration between classroom, community, and the academy that gives immediate and obvious relevance to the teaching and learning process of American history. By sharing these narratives, this book expands the impact of emerging practices from individual TAH projects to reach a larger audience across the nation.

American History: A Very Short Introduction Paul S. Boyer 2012-08-16 In a miracle of concision, Paul S. Boyer provides a wide-ranging and authoritative history of America, capturing in a compact space the full story of our nation. Ranging from the earliest Native American settlers to the presidency of Barack Obama, this Very Short Introduction offers an illuminating account of politics, diplomacy, and war as well as the full spectrum of social, cultural, and scientific developments that shaped our country. Here is a masterful picture of America's achievements and failures, large-scale socio-historical forces, and pivotal events. Boyer sheds light on the colonial era, the Revolution and the birth of the new nation; slavery and the Civil War; Reconstruction and the Gilded Age; the Progressive era, the Roaring Twenties and the Great Depression; the two world wars and the Cold War that followed; right up to the tragedy of 9/11, the wars in Iraq and Afghanistan, and the epoch-making election of Barack Obama. Certain broad trends shape much of the narrative—immigration, urbanization, slavery, continental expansion, the global projection of U.S. power, the centrality of religion, the progression from an agrarian to an industrial to a post-industrial economic order. Yet in underscoring such large themes, Boyer also highlights the diversity of the American experience, the importance of individual actors, and the crucial role of race, ethnicity, gender, and social class in shaping the contours of specific groups within the nation's larger tapestry. And along the way, he touches upon the cultural milestones of American history, from Tom Paine's *The Crisis* to Allen Ginsberg's *Howl*. *American History: A Very Short Introduction* is a panoramic history of the United States, one that covers virtually every topic of importance—and yet can be read in a single day.

American History 1987

An Introduction to America's Music Richard Crawford 2018-10 An ear-opening exploration of music's New World, from Puritan psalmody to Hamilton
