Brilliance Marcus Sakey 2013 Federal agent Nick Cooper draws on his supernatural ability to eliminate terrorists to hunt down a dangerous man who committed a horrific massacre on Wall Street that left hundreds dead and injured.

Seldom Disappointed Tony Hillerman 2013-05-21 When Tony Hillerman looks back at seventy-six years spent getting from hardtimes farm boy to bestselling author, he sees lots of evidence that Providence was poking him along. For example, when an absentminded Army clerk left him off the hospital ship taking the wounded home from France, the mishap put him on a collision course with a curing ceremony held for two Navajo Marines, thereby providing the grist for a writing career that now sees his books published in sixteen languages around the world and often on bestseller lists. Or, for example, when his agent told him his first novel was so bad that it would hurt both of their reputations, he nonetheless sent it to an editor, and that editor happened to like the Navajo stuff. In this wry and whimsical memoir, Hillerman offers frequent backward glances at where he found ideas for plots of his books and the characters that inhabit them. He takes us with him to death row, where he interviews a man about to die in the gas chamber and details how this murderer became Colton Wolf in one of his novels. He relates how flushing a solitary heron from a sandbar caused him to convert Joe Leaphorn from husband to widower, and how his self-confessed bias against the social elite solved the key plot problem in *A Thief of Time*. No child abuse stories here: The worst Hillerman can recall is being sent off to first grade (in a boarding school for Indian girls) clad in cute blue coveralls instead of the manly overalls his farm-boy peers all wore. Instead we get a good-natured trip through hard times in college; an infantry career in which he "rose twice to Private First Class" and also won a Silver Star, Bronze Star, and Purple Heart; and, afterward, work as a truck driver, chain dragger, journalist, professor, and "doer of undignified deeds" for two university presidents. All this is colored by a love affair (now in its fifty-fourth year) with Marie, which involved raising six children, most of them adopted. Using the gifts of a talented novelist and reporter, seventy-six-year-old Tony Hillerman draws a brilliant portrait not just of his life but of the world around him.

The Two Deaths of Daniel Hayes Marcus Sakey 2012-07-05 It starts with you waking on a Maine beach, naked, half-drowned and very, very cold. Your name is Daniel Hayes. At least, you think it is. That's the name on the insurance card you find in the BMW parked near you. How did you get here? And why? All you remember is a woman's face. So you set off to the only place you might find her. But this raises the most chilling question of all: what will you find when you get there? From Lee Child . .

. "Like any reader, I love old favourites . . . but I love new voices too, and I especially love it when a new voice starts to become an old favourite. It doesn't happen often, but right now it's happening with Marcus Sakey. He's got it all. he writes like a dream, he creates characters exactly like people you know, he scares you, and above all keeps you turning the pages. But most of all he does the 'what if' thing better than anyone in the business. 'What if' questions power a lot of plots, but Sakey is special. He doesn't just check a box or construct a neat twist for the sake of it. Reading him between the lines, I guarantee he lives this stuff. . . he thinks it through and sweats it out, probably for weeks at a time. I can see him, looking around at all the things he loves, looking at his house, turning and looking at his wife, asking himself, 'What if? What if I had to put all this at risk? Would I? Could I? How would it feel? What would be the effect on me?' It's that kind of depth and intelligence and passion and emotion that sets Sakey apart. These are not just clever plots. These are real people with night sweats and wide eyes and everything to lose. The Two Deaths of Daniel Hayes takes 'what if' in a new direction and to new heights. Every writer muses, 'What if the reader isn't sure whether the husband killed his wife, or not?' That's a basic whodunit. But Sakey asks, 'What if the husband isn't sure whether he killed his wife, or not?' That's a terrific premise, and it boosts an already-terrific thriller plot into the stratosphere."

Dr. Mutter's Marvels Cristin O'Keefe Aptowicz 2014-09-04 A mesmerizing biography of the brilliant and eccentric medical innovator who revolutionized American surgery and founded the country's most famous museum of medical oddities Imagine undergoing an operation without anesthesia performed by a surgeon who refuses to sterilize his tools--or even wash his hands. This was the world of medicine when Thomas Dent Mütter began his trailblazing career as a plastic surgeon in Philadelphia during the middle of the nineteenth century. Although he died at just forty-eight, Mütter was an audacious medical innovator who pioneered the use of ether as anesthesia, the sterilization of surgical tools, and a compassion-based vision for helping the severely deformed, which clashed spectacularly with the sentiments of his time. Brilliant, outspoken, and brazenly handsome, Mütter was flamboyant in every aspect

of his life. He wore pink silk suits to perform surgery, added an umlaut to his last name just because he could, and amassed an immense collection of medical oddities that would later form the basis of Philadelphia's Mütter Museum. Award-winning writer Cristin O'Keefe Aptowicz vividly chronicles how Mütter's efforts helped establish Philadelphia as a global mecca for medical innovation—despite intense resistance from his numerous rivals. (Foremost among them: Charles D. Meigs, an influential obstetrician who loathed Mütter's "overly" modern medical opinions.) In the narrative spirit of *The Devil in the White City*, Dr. Mütter's *Marvels* interweaves an eye-opening portrait of nineteenth-century medicine with the riveting biography of a man once described as the "P. T. Barnum of the surgery room."

Stone, now 73, recounts those formative years with in-the-moment details of the high and low moments: We see meetings with Al Pacino over Stone's scripts for *Scarface*, *Platoon*, and *Born on the Fourth of July*; the harrowing demon of cocaine addiction following the failure of his first feature, *The Hand* (starring Michael Caine); his risky on-the-ground research of Miami drug cartels for *Scarface*; his stormy relationship with *The Deer Hunter* director Michael Cimino; the breathless hustles to finance the acclaimed and divisive *Salvador*; and tensions behind the scenes of his first Academy Award-winning film, *Midnight Express*. *Chasing the Light* is a true insider's look at Hollywood's years of upheaval in the 1970s and '80s.

At Least in the City Someone Would Hear Me Scream Wade Rouse 2009-06-02 We all dream about it, but Wade Rouse actually did it. Discover his journey to live the simple life in this hilarious memoir. Finally fed up with the frenzy of city life and a job he hates, Wade Rouse decided to make either the bravest decision of his life or the worst mistake since his botched Ogilvie home perm: to uproot his life and try, as Thoreau did some 160 years earlier, to "live a plain, simple life in radically reduced conditions." In this rollicking and hilarious memoir, Wade and his partner, Gary, leave culture, cable, and consumerism behind and strike out for rural Michigan—a place with fewer people than in their former spinning class. There, Wade discovers the simple life isn't so simple. Battling blizzards, bloodthirsty critters, and nosy neighbors equipped with night-vision goggles, Wade and his spirit, sanity, relationship, and Kenneth Cole pointy-toed boots are sorely tested with humorous and humiliating frequency. And though he never does learn where his well water actually comes from or how to survive without Kashi cereal, he does discover some things in the woods outside his knotty-pine cottage in Saugatuck, Michigan, that he always dreamed of but never imagined he'd find—happiness and a

home. At Least in the City Someone Would Hear Me Scream is a sidesplitting and heartwarming look at taking a risk, fulfilling a dream, and finding a home-with very thick and very dark curtains.

Collared David Rosenfelt 2017-07-18 Lawyer Andy Carpenter's true passion is the Tara Foundation, the dog rescue organization he runs with his friend Willie Miller. All kinds of dogs make their way to the foundation, and it isn't that surprising to find a dog abandoned at the shelter one morning, though it was accompanied by a mysterious anonymous note. But they are quite surprised when they scan the dog's embedded chip, and discover that they know this dog. He is the "DNA dog." Two and a half years ago, Jill Hickman was a single mother of an adopted baby. Her baby and dog were kidnapped in broad daylight in Eastside Park, and they haven't been seen since. A tip came in that ID'd a former boyfriend of Hickman's, Keith Wachtel, as the kidnapper. A search of his house showed no sign of the child but did uncover more incriminating evidence, and the clincher that generated Wachtel's arrest was some dog hair, notable since Wachtel did not have a dog. DNA tests showed conclusively that the hair belonged to Hickman's dog. Wachtel was convicted of kidnapping, but the dog and baby were never found. Now, with the reappearance of the dog, the case is brought back to light, and the search for the child renewed. Goaded by his wife's desire to help a friend and fellow mother and Andy's desire to make sure the real kidnapper is in jail, Andy and his team enter the case. But what they start to uncover is far more complicated and dangerous than they ever expected, in David Rosenfelt's *Collared*.

Last Night I Sang to the Monster Benjamin Alire Saenz 2009-09-01 "Sáenz' poetic narrative will captivate readers from the first sentence to the last paragraph of this beautifully written novel. . . . It is also a celebration of life and a song of hope in celebration of family and friendship, one that will resonate loud and long with teens."—Kirkus Reviews "...There is never a question of either Sáenz's own extraordinary capacity for caring and compassion or the authenticity of the experiences he records in this heartfelt account of healing and hope."—Booklist "Offering insight into [an adolescent's] addiction, dysfunction and mental illness, particularly in the wake of traumatic events, Sáenz's artful rendition of the healing process will not soon be forgotten."—Publishers Weekly "Sáenz weaves together [18-year-old] Zach's past, present, and changing disposition toward his future with stylistic grace and emotional insight. This is a powerful and edifying look into both a tortured psyche and the methods by which it can be healed."—School Library Journal Zach is eighteen. He is bright and articulate. He's also an alcoholic and in rehab instead of high school, but he doesn't remember how he got there. He's not sure he wants to remember. Something bad must have happened. Something really, really bad. Remembering sucks and being alive—well, what's up with that? I have it in my head that when we're born, God writes things down on our hearts. See, on some people's hearts he writes Happy and on some people's hearts he writes Sad and on some people's hearts he writes Crazy on some people's hearts he writes Genius and on some people's hearts he writes Angry and on some people's hearts he writes Winner and on some people's hearts he writes Loser. It's all like a game to him. Him. God. And it's all pretty much random. He takes out his pen and

starts writing on our blank hearts. When it came to my turn, he wrote. I don't like God very much. Apparently he doesn't like me very much either. Sad Benjamin Alire Sáenz is a prolific novelist, poet, and author of children's books.
