Nicomachean Ethics Aristotle 2021-11-13 Nicomachean Ethics Aristotle - The Nicomachean Ethics is one of Aristotle's most widely read and influential works. Ideas to ethics—that happiness is the end of human endeavor, that moral virtue is formed through action and habituation, and that good action requires prudence—found a powerful proponent in the person medieval scholars simply called "the Philosopher." Drawing on their intimate knowledge of Aristotle's thought, Robert C. Bartlett and Susan D. Collins have produced here an English-language translation of the Ethics that is as remarkably faithful to the original as it is graceful in its rendering. Aristotle is well known for the precision with which he chooses his words, and in this elegant translation his work has found its ideal match. Bartlett and Collins provide context and a glossary providing further explanation for students, as well as an introduction and a substantial interpretive essay that sketch central arguments and the seminal place of Aristotle's Ethics in his political philosophy as a whole. The Nicomachean Ethics has engaged the serious interest of readers across centuries and civilizations—of peoples ancient, medieval, and modern; pagan, Christian, Muslim, and Jewish—and this new edition will take its place as the standard English-language translation.

Business Strategy George Stonehouse 2003-06-11 'Business Strategy: an introduction' is an accessible textbook that provides a straightforward guide for those with no knowledge of the subject. It presents complex issues and concepts in a clear and compact manner, so that readers gain a clear understanding of the topics. The following features are included: * A comprehensive introduction to the subjects of business strategy and strategic management * Complex issues explained in a straightforward way for students new to this topic * Student friendly learning features throughout * Case studies of varying lengths with questions included for discussion and seminar work * A discussion of both traditional theory and the most recent research in the field This second edition features new and updated case studies, with depth having been added to the material in the book. New chapters on business ethics, types and levels of strategy, and how to use case studies have been included. A range of pedagogical features such as learning objectives, review and discussion questions, chapter summaries and further reading are included in the text resulting in being a user-friendly, definitive guide for those new to the subject. A web-based Tutor Resource Site accompanies the book.

Ethical Theory and Business Elm L. Beauchamp 1997 Revised and updated to meet the ethical challenges of today's business world, Ethical Theory and Business provides a collection of readings that includes historical as well as contemporary material. Chapters offer thoughtfully collected essays, legal perspectives, and court cases that provide readers a basis for understanding the latest developments in business ethics scholarship, analysis, and decision making. In addition to presenting the fundamental concepts and problems of business ethics, normative ethical theory, and the analysis of cases, the Fifth Edition of Ethical Theory and Business examines issues such as corporate responsibility; business self-regulation versus government regulation; consumer, occupational, and environmental risk; drug testing; whistleblowing; affirmative action; reverse discrimination; sexual harassment; deception in advertising; ethical issues in international business; and social and economic justice.

Managing Business Ethics Linda K. Treviño 2016-09-13 TRY (FREE for 14 days), OR RENT this title: www.wileystudentchoice.com Linda Treviño and Kate Nelson bring together a mix of theory and practice in Managing Business Ethics: Straight Talk about How to Do It Right, 7th Edition. In this new edition, the dynamic authors, Linda Treviño, prolific researcher and Distinguished Professor, and Kate Nelson, Professor and longtime practitioner of strategic organizational communications and human resources, equip students with the pragmatic knowledge they need to identify and solve ethical dilemmas, understand their own and others' ethical behavior, and influence ethical behavior in their organization. Managing Business Ethics is the perfect text to prepare students for a range of roles in the business world—managers across all functions, communications professionals, compliance officers, corporate counsels, human resources managers, and senior executives.

Information Technology Ethics Hajer Kefi 2015-09-18 This book focuses on how human interactions with technology and information systems could have important implications for both businesses and society at large. By debating issues such as a law for robots, digital healthcare, and codes of conduct in the educational sector, the volume provides provocative insights which challenge students, scholars and anyone concerned with information in society to think critically and draw their own conclusions. Throughout the chapters brought together here, the authors offer relevant theoretical and empirical contributions, which relate to a variety of academic fields, including philosophy, law and management sciences. The subjects covered in the book will also appeal to a large audience from the human, social and economic sciences.

Business and Professional Ethics Bernard J. Brooks 2020-03-09 In the wake of ethical scandals and close ethical scrutiny throughout business and the accounting profession today, Brooks/Dunn's BUSINESS & PROFESSIONAL ETHICS, 9E provides the ethical insights and strategies you need for corporate and professional success. Learn why ethical behavior is so important and how to recognize potential pitfalls that involve much more than memorizing rules. You master the skills to develop a culture of integrity that maintains stakeholder support and enables directors and auditors to complete their jobs. You also learn how to use ethical strategies to address this edition examines the latest information on governance scandals, legal liability and professional accounting and auditing issues. More than 130 cases and scenarios highlight new and classic cases of fraud, bankruptcy and unprofessional practices to help you better understand appropriate codes of conduct and sound ethical decisions while strengthening your persuasive and leadership skills for success.

Business Ethics W. Michael Hoffman 2001 Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and management coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the part's articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, cases, and 10 new mini-cases.

Business Ethics Marianne Jennings 2012-01-01 Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, revealing some of the common factors that push them over ethical lines they might not otherwise cross.

Ethical and Social Issues in the Information Age Joseph M. Kizza 2013-03-09 An introduction to the social and policy issues which have arisen as a result of IT. Whistleblowing assumes a modest familiarity with computers, the book provides a guide to the issues suitable for undergraduates. In doing so, the author prompts students to ask questions such as: * How do morality and the law relate to each other? * What should be covered in a professional code of conduct for information technology? * What are the ethical issues relating to copying software? * Is electronic monitoring of employees wrong? * What are the moral codes of cyberspace? Throughout the text shows how in many ways the technological development is outpacing the ability of our legal systems, and how different paradigms applied to ethical questions can lead to conflicting conclusions. As a result, students will find this a thought-provoking and valuable survey of the new and difficult ethical questions posed by the Internet, intelligence, and virtual reality.

Ethics Barbara MacKinnon 2011-01-01 Closely examine the major areas of ethical theory as well as a broad range of contemporary moral debates using MacKinnon's acclaimed ETHICS: THEORY AND CONTEMPORARY ISSUES, International Edition. Illuminating overviews and a selection of readings from both traditional and contemporary sources make even complex philosophical concepts reader friendly. Comprehensive, clear-sighted introductions to general and specific areas of ethics cover major ethical theories, including feminist ethics, contract theory, and ethical relativism, before delving into issues ranging from euthanasia and sexual morality to globalization. A broader range of voices and philosophical traditions in this edition includes continental and non-Western philosophers, with new readings from prominent ethicists. Increased coverage of contemporary dilemmas highlights issues of widespread interest, including torture and terrorism, "partial birth" abortion, same-sex marriage, and global distributive justice. An innovative online resource center offers, among other things, animated simulations. These simulations allow students to personally engage with dilemmas and thought experiments commonly presented in introduction to ethics classes and provide instructors with a way to seamlessly integrate online assignments into the class.

Ethics and the Conduct of Business Raymond Boatright 2012 Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive

and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life practice. Note: The Focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about their customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because it addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - The book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

Michael Jay Quinn 2006 Widely praised for its balanced treatment of computer ethics, Ethics for the Information Age offers a moderate presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical lenses, encouraging readers to think critically about these issues and to make their own ethical decisions.

Stuart Corey 2002-02-01 For over 20 years, Corey, Corey, and Callanan's practical, accessible text has helped readers like you gain the knowledge and skills they need to make important ethical decisions. By coupling a solid foundation in helping professions theories and codes of ethics with advice based on their professional experience, the authors teach central ethical issues from a number of diverse perspectives. With this comprehensive, timely approach, you'll be able to develop an internalized, personal perspective that you can apply when dealing with the range of ethical dilemmas you are likely to encounter.

Mark A. Hall 2018-02-26 Health Care Law and Ethics, Ninth Edition offers a relationship-oriented approach to health law—covering the essentials, as well as topical and controversial subjects. The book provides thoughtful and teachable coverage of every aspect of health care law. Current and classic cases build logically from the fundamentals of the patient/provider relationship to the role of government and institutions in health care. The book is adaptable to both introductory courses and courses covering portions of the field. Key Features: New authors Nick Bagley and Glenn Cohen Incorporated anticipated changes to the Affordable Care Act. More current cases and more streamlined notes, including ones on medical malpractice, bioethics, and on finance and regulation. More coverage of "conscientious objection" and "big data" - Discussion of new "value based" methods of physician payment - Expanded coverage of "fraud and abuse" Current issues in public health (e.g., Ebola) and controversies in reproductive choice (e.g., Hobby Lobby) Coverage of cutting-edge genetic technologies (e.g., gene editing and mitochondrial replacement)

William H. Shaw 2014 SOCIAL AND PERSONAL ETHICS provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the right to personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control, and abortion and euthanasia. The volume begins with two introductory essays written for beginning students by the editor, William H. Shaw, on the nature of morality and competing normative theories. These are followed by other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide-range of real-world ethical issues. In all, the book is composed of 53 articles (11 of which are new to this edition). To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye for readability, provided introductions and study questions before the essays, as well as review and discussion questions after them, and highlighted key passages to focus on important points and concepts.

Michael C. Braswell 2014-05-05 Justice, Crime, and Ethics, a leading textbook in criminal justice programs, examines ethical dilemmas presented by the administration of criminal justice and professional activities in the field. This eighth edition continues to deliver a broad scope of topics through focus on law enforcement, legal practice, sentencing, corrections, research, crime control policy, and philosophical issues. The book's robust coverage encompasses contentions such as capital punishment, prison corruption, the use of deception in police interrogation, and many more. New content includes new material on juvenile justice, corporate and prosecutorial misconduct. Students of criminal justice, as well as instructors and professionals in the field, will continue to rely on this thorough, dependable ethical decision-making in the criminal justice system. Essays are enhanced with case studies and exercises designed to stimulate critical and creative thinking on ethical issues in crime and justice. Discussion questions and lists of key concepts focus students and help them to understand ethics in the context of the criminal justice system. New chapters cover ethical issues related to juvenile justice and corporate misconduct, and chapters on police and prosecutor ethics have been extensively updated with online ancillaries for instructors and students adds value to lectures and enriches the learning experience.

Pratik S.S. 2014 (For the Students of MBA, PGDBM, M.COM. And Other Management Courses)

Charles Ferrell 2006-12-27 This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with successful business programs--helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous content that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Jeffrey Moriarty 2021-09-30 Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the first-year student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how to sell (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are presented, and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced throughout the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical corporate behavior. Includes initial chapter overviews and – at the end of each chapter – study questions and suggested additional readings.

William H. Shaw 2015-01-01 MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, the book prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific cases such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Courtland L. Bovée 2005-01-01 This text's user-friendly format, manageable length, and up-to-date real world examples enable students to explore business firsthand. 'Business in Action' takes students on an engaging exploration of the fundamentals, strategies, and dynamics that make the business world work.

Michael R. Czinkota 2021-09-16 Rigorously updated textbook that balances business theory and business practice. Includes new cases studies and up-to-date examples.

Samuel M. Natale 2003 A continuation of the ongoing Oxford University's Centre for the Study of Values in Education and Business project, this book examines how business and education interact and how they can be mutually beneficial. The book explores the moral and ethical concerns underpinning each.

Archie B. Carroll 2006 BUSINESS AND SOCIETY employs a stakeholder management framework. This framework emphasizes a business's social, legal, political, and ethical responsibilities to both external and internal groups that have a stake, or interest, in that business. It is a fundamental goal of the course that students really get that responsible business decision makers strive to balance and protect the interests of various stakeholders--investors, employees, community, environment, and so on. The emphasis is also placed on the fact that one needs to understand that business situations will continually arise that will truly test ones values and ethics. BUSINESS AND SOCIETY not only exposes students to diverse and important stakeholder and ethical frameworks for considering and protecting stakeholder interests, through real-world and another real-world applications, this text enhances the precision with which students think about and practice ethical decision making. Opportunities to apply specific ethical systems to specific business problems abound, and questions are provided with all cases and applications to focus student reasoning, ensuring excellent class discussions.

Henry R. Cheeseman 2012-08-21 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may accompany the printed book.

Clinical Ethics: A Practical Approach to Ethical Decisions in Clinical Medicine, Ninth Edition Jonsen 2021-12-17 The go-to textbook on the increasingly important and rapidly evolving topic of medical ethics. Ethical issues are embedded in every clinical encounter between patients and clinicians. In order to practice excellently, clinicians must understand ethical issues such as informed consent, decisional capacity, surrogate decision making, truth telling, confidentiality, privacy, the distinction between research and clinical care, and end-of-life care. This popular, clinically-oriented guide provides crystal-clear case-based coverage of the ethical situations encountered in everyday medical practice. Clinical Ethics introduces the proven Four Box Method—a much-needed pattern for collecting, sorting, and ordering the information in a clinical ethical problem. This easy-to-apply system is based on simple questions about medical indications, patient preferences, quality of life, and contextual features. Explain clinical ethics and help clinicians formulate a sound diagnosis and treatment strategy. In each chapter, the authors discuss case examples and provide analysis, comments, and specific recommendations. The book is divided into the four topics that constitute the essential ethical structure of every clinical encounter: Medical Indications, Preferences of Patients, Quality of Life, Contextual Features.

Business and Professional Ethics for Directors, Executives, and Accountants Brooks 2010 BUSINESS & PROFESSIONAL ETHICS FOR DIRECTORS, EXECUTIVES & ACCOUNTANTS, 5E, INTERNATIONAL EDITION delivers an insider's look at actual companies in the face of a wide range of ethical dilemmas. Providing real-world examples of ethical issues in the workplace, this accounting text gives you insight into the development of sound patterns of behavior on the part of directors, executives, and accountants. Current cases and key readings provide an interesting, challenging, and practical learning experience.

Ethical Theory and Business Gordon Arnold 2013-11-01 An anthology of readings, legal perspectives, and cases in business ethics. Introduction to Information Systems Rainer 2008-01-09 WHATS IN IT FOR ME? Information technology lives all around us—in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. The book takes students where IT lives—in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human Resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online learning environment that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by authors.

Business Ethics Marianne Jennings 2018 Gain a better understanding of common threads and patterns of ethical challenges with cases and readings drawn from business, and history. BUSINESS ETHICS: CASE STUDIES AND SELECTED READINGS, 9E provides relevant issues, such as getting out of student loans-- the consequences and societal costs as well as benefit to graduates. Probing questions and content force you to look beyond emotions and opinions to evaluate the ethical decisions, such as Edward Snowden's actions and whether they harmed or helped society. Cases provide historical perspective as you learn how individuals slip into ethical traps that lead to ethical and legal breaches. Real examples of business decisions gone awry in this market-leading collection of readings present patterns of behavior that often result in the destruction of businesses and personal lives. Perspective and insights provide a knowledge base for readers to recognize and resolve ethical dilemmas. The Moral of the Story: An Introduction to Ethics Rosenstand 2017-02-14 Now in its eighth edition, The Moral of the Story continues to bring understanding to complex concepts in moral philosophy through storytelling and story analysis. From discussions on Aristotle's virtues and vices to the moral complexities of the Game of Thrones series, Rosenstand's work is lively and relatable, providing examples from contemporary film, fiction narratives, and even popular comic strips. The Connect course offering includes SmartBook, an adaptive reading and study experience which guides students to master, recall, and apply key concepts while providing automated assessments. Business Ethics Stephen M. Byars 2018-09-24 The Legal and Ethical Environment of Business Lau 2019

Business Ethics William Shaw 2016 BUSINESS ETHICS, 9th Edition is a comprehensive and practical guide that will help you with real life ethical issues that rise in

business world. It will assist you through the process of developing the critical thinking and analytical skills needed to successfully navigate the unique set of problems that emerge when ethics and commerce collide. This book focuses on key ethical concepts and emphasizes the real world importance of critical topics such as the nature of morality, major theories of ethics and economic justice, and competing views of capitalism and corporate responsibility. It

Business Ethics in the 21st Century by Bryan Bowie 2013-05-16 This work provides a critical look at business practice in the early 21st century and suggests changes that are both practical and normatively superior. Several chapters present a reflection on business ethics from a societal or macro-organizational point of view. It makes a strong case for the economic and moral superiority of the sustainability capitalism of the European Union over the finance-based model of the United States. Most major themes in business ethics are covered and some new ones are introduced, including the topic of the right way to teach business ethics. The general approach adopted in this volume is that alternative approaches are critically evaluated.

The Business Ethics Workshops by James Brusseu 2014 The Business Ethics Workshop by James Brusseu focuses on reality and engagement. Students respond to real and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

Law and Ethics in the Business Environment by Terry Halbert 2014-02-01 Blending theory with real-life applications, the 8th Edition of LAW AND ETHICS IN THE BUSINESS ENVIRONMENT presents up-to-the-minute issues in business ethics, along with the latest in case law for an exciting and thought-provoking text. Rather than shying away from controversial topics, the text encourages lively classroom debate on everything from privacy and workers' rights to diversity and stereotyping. Cases, end-of-chapter questions, historical quotes, and chapter projects sharpen your critical thinking skills, while a wealth of interactive assignments like role plays, trials, roundtables, and negotiations prepare you for the ethical and legal dilemmas of the business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
