**Daily Schedule Pocket Chart** Scholastic Inc. 2009-12-01 Full-color photo cards include 10 subject cards, 5 blank cards, and 1 title card. Also includes a 2-page activity guide. For use with Grades K-5.

**New General Mathematics** J.B. Channon 1991-02

**Barron's 500 Flash Cards of American Sign Language** Geoffrey S. Poor 2009-04-10 Full-color photos on flash cards present close-ups of a model demonstrating 500 American Sign Language (ASL) signs. The meanings, brief descriptions of hand and arm motions, and related words are listed on the reverse side of each card. Correct formations of hand shapes and facial expressions are clearly shown to eliminate any possible confusion regarding intended word meanings. Where appropriate, photos include directional arrows that show hand or arm movements. Each flash card has a hole in one corner to accommodate a metal ring included with the boxed set. Users can select and fit any combination of cards they please to combine relevant words and create statements, or to review signs that they have difficulty identifying. Here is an ideal method for recognizing and memorizing American Sign Language vocabulary--a fine learning resource for all who plan to work with deaf people.

**Math Practice** Kelley Wingate Levy 1999-07-01 Builds both math and test-taking skills with problem-solving demonstrations and drill pages that feature both new skills and a review. Includes 96 cut-apart flash cards and answer keys.

**The Sociology of Food** Jean-Pierre Poulain 2017-02-09 A classic text about the social study of food, this is the first English language edition of Jean-Pierre Poulain's seminal work. Tracing the history of food scholarship, The Sociology of Food provides an overview of sociological theory and its relevance to the field of food. Divided into two parts, Poulain begins by exploring the continuities and changes in the modern diet. From the effect of globalization on food production and supply, to evolving cultural responses to food – including cooking and eating practices, the management of consumer anxieties, and concerns over obesity and the medicalization of food – the first part examines how changing food practices have shaped and are shaped by wider social trends. The second part provides an overview of the emergence of food as an academic focus for sociologists and anthropologists. Revealing the obstacles that lay in the way of this new field of study, Poulain shows how the discipline was first established and explains its development over the last forty years. Destined to become a key text for students and scholars, The Sociology of Food makes a major contribution to food studies and sociology. This edition features a brand new chapter focusing on the development of food studies in the English-speaking world and a preface, specifically written for the edition.

**Summer Bridge Activities®** 2015-01-15 Workbook Features: • Ages 12-14, Grades 7-8 • 160 pages, about 8 inches x 10 1/2 inches • Reading, writing, math, science, social studies, and more • Includes fun fitness activities • Flash cards, completion certificate, and answer key included Hands-On Summer Learning: Summer Bridge Activities Workbook helps seventh–eighth graders keep their skills sharp during the summer months to prevent summer learning loss through fun practice pages and activities, engaging fitness activities, and more.
