Tempting Raven Jessica Sorensen I was just an ordinary vampire until Fate chose me as the new vampire queen. And Fate has a twisted sense of humor because it chose Rhyland Midnitegale as the king, who just happens to be my sworn enemy. To say I'm less than thrilled about ruling with Rhyland is a complete understatement. But if I don't step up to my title, the chaos, rebellions, and murders taking over the vampire world will only continue to get worse. So I accept the position, but I secretly hope that maybe Fate will change its mind. I soon learn, though, that being queen comes with many rules. Rules that bind my heart and soul to Rhyland in ways I never imagined. And if I don't, my life could be in danger, and the entire vampire kingdom could suffer for it. That might not be my only problem, though. Danger is lurking close, and I learn that I may be cursed with more than just the title of the queen.

While Gemma struggles with her emotions and relationships, she searches for her mother, entering a dangerous world of secrets, seduction, and evil. The further she digs into her mother's secrets and past, the more she wonders what waits for her at the end of her search and if maybe some things are better left in the dark. The Novel Map Patrick M. Bray 2013-01-31 Focusing on Stendhal, Gérard de Nerval, George Sand, Émile Zola, and Marcel Proust, *The Novel Map: Mapping the Self in Nineteenth-Century French Fiction* explores the ways that these writers represent and negotiate the relationship between the self and the world as a function of space in a novel turned map. With the rise of the novel and of autobiography, the literary and cultural contexts of nineteenth-century France reconfigured both the ways literature could represent subjects and the ways subjects related to space. In the first-person works of these authors, maps situate the narrator within the imaginary space of the novel. Yet the time inherent in the text's narrative unsettles the spatial self drawn by the maps and so creates a novel self, one which is both new and literary. The novel self transcends the rigid confines of a map. In this significant study, Patrick M. Bray charts a new direction in critical theory.

Thankfully, Grandma Stephy talks my dad into letting me live with her, something I'm extremely relieved about. I'm even going on an unofficial date with Kyler. Things are starting to look up for me. That is until I discover the truth about what really happened to my real mother—that she might be a murderer. But I refuse to accept that, not until I have proof that it's true. So once again, I turn to Kai for help. Yeah, the two of us are turning out to be a pretty good team of detectives, which is a good thing since a mysterious blue car starts showing up wherever I go. And on top of that, I receive a threatening text from an unknown caller. Kai and I need to figure out who's doing this to me and fast before someone I care about ends up getting hurt.
