North Korea Journal Michael Palin 2019-09-19 **THE BOOK BEHIND THE HIT DOCUMENTARY** A glimpse of life inside the world's most secretive country, as told by Britain's best-loved travel writer. In May 2018, former Monty Python stalwart and intrepid globetrotter Michael Palin spent two weeks in the notoriously secretive Democratic People's Republic of Korea, a cut-off land without internet or phone signal, where the countryside has barely moved beyond a centuries-old peasant economy but where the cities have gleaming skyscrapers and luxurious underground train stations. His resulting documentary for Channel 5 was widely acclaimed. Now he shares his day-by-day diary of his visit, in which he describes not only what he saw - and his fleeting views of what the authorities didn't want him to see - but recounts the conversations he had with the country's inhabitants, talks candidly about his encounters with officialdom, and records his musings about a land wholly unlike any other he has ever visited - one that inspires fascination and fear in equal measure. Written with Palin's trademark warmth and wit, and illustrated with beautiful colour photographs throughout, the journal offers a rare insight into the North Korea behind the headlines.

Pole To Pole Michael Palin 2010-05-27 No.1 bestseller Michael Palin's epic journey from the North Pole to the South Pole. 'The cracked and fissured ice-pack offers no comfortable reassurance - no glimmer of any reward to the traveller who has made his way to the top of the world. The Arctic Ocean, known to the Victorians as the Sea of Ancient Ice, stares balefully back as we descend towards it, reflecting nothing but the question: Why?' Michael Palin's adventure begins when he is enrolled in the Royal and Ancient Polar Bear Society... Travelling by train, truck, raft, Ski-Doo, barge, balloon and bicycle, Michael Palin experiences every extreme the world has to offer. Braving the cold grip of the Arctic Circle, and the swirling snowstorms of Spitsbergen, Palin has to cope with friendly locals, occasional gunfire and his own unruly digestive system before he can finally stand in Scott's shoes at the South Pole, in the Land of the Midnight Sun.

Blood River Tim Butcher 2010-12-15 **THE NUMBER ONE SUNDAY TIMES BESTSELLER** A compulsively readable account of an African country now virtually inaccessible to the outside world and one journalist's daring and adventurous journey. When war correspondent Tim Butcher was sent to cover Africa in 2000 he quickly became obsessed with the idea of recreating H.M. Stanley's famous nineteenth century trans-Africa expedition - but travelling alone. Despite warnings that his plan was 'suicidal', Butcher set out for the Congo's eastern border with just a rucksack and a few thousand dollars hidden in his boots. Making his way in an assortment of vessels including a motorbike and a dugout canoe, helped along by a cast of unlikely characters, he followed in the footsteps of the great Victorian adventurers. Butcher's journey was a remarkable feat, but the story of the Congo, told expertly and vividly in this book, is more remarkable still. [A masterpiece] John Le Carré [Extraordinary, audacious, completely enthralling] William Boyd [A remarkable marriage of travelogue and history, which deserves to make Tim Butcher a star for his prose, as well as his courage] Max Hastings

Nordic Societal Security Sebastian Larsson 2020-07-27 This book compares and contrasts publicly espoused security concepts in the Nordic region, and explores the notion of societal security. Outside observers often assume that Nordic countries take similar approaches to the security and safety of their citizens. This book challenges that assumption and traces the evolution of 'societal security', and its broadly equivalent concepts, in Sweden, Norway, Denmark and Finland. The notion of societal security is deconstructed and analysed in terms of its different meanings and implications for each country, through both country- and issue-focused studies. Each chapter traces the evolution of key security concepts and related practices, allowing for a comparison of similarities and differences between these four countries. Using discourses and practices as evidence, this is the first book to explore how different Nordic nations have conceptualised domestic security over time. The findings will be valuable to scholars from across the geographical and theoretical spectrum, while highlighting how Nordic security discourses and practices may deviate from traditional assumptions about Nordic values. This book will be of much interest to students of security studies, Nordic politics and International Relations.

Diaries 1969-1979: The Python Years Michael Palin 2008-11-11 The amazingly insightful, funny and brilliant record of Michael Palin's prime years as a member of the famed comedic group, Monty Python. Michael Palin has kept a diary since newly married in the late 1960s. This volume of his diaries reveals how Python emerged and triumphed, how he, John Cleese, Graham Chapman, the two Terrys---Jones and Gilliam---and Eric Idle came together and changed the face of British comedy. But this is but only part of Palin's story. Here is his growing family, his home in a north London Victorian terrace, which grows as he buys the house next door and then a second at the bottom of the garden; here, too, is his solo effort---as an actor, in *Three Men in a Boat*, his writing endeavours (often in partnership with Terry Jones) that produces *Ripping Yarns* and even a pantomime.

Meanwhile Monty Python refuses to go away: the hugely successful movies that follow the TV (his account of the making of both *The Holy Grail* and the *Life of Brian* movies are page-turners), the at times extraordinary goings-on of the many powerful personalities who coalesced to form the Python team, the fight to prevent an American TV network from bleeping out the best jokes on U.S. transmission, and much more---all this makes for funny and

riveting reading. The birth and childhood of his three children, his father's growing disability, learning to cope as a young man with celebrity, his friendship with George Harrison, and all the trials of a peripatetic life are also essential ingredients of these diaries. A perceptive and funny chronicle, the diaries are a rich portrait of a fascinating period. "A wealth of fascinating stuff about Monty Python." ---The Independent (UK)

Himalaya Michael Palin 2010-05-27 Michael Palin tackles the full length of the Himalaya in this terrific number one bestseller. Having risen to the challenge of seas, poles, dhows and deserts, the highest mountains in the world were a natural target for Michael Palin. In a journey rarely, if ever, attempted before, in 6 months of hard travelling Palin takes on the full length of the Himalaya including the Khyber Pass, the hidden valleys of the Hindu Kush, ancient cities like Peshawar and Lahore, the mighty peaks of K2, Annapurna and Everest, the gorges of the Yangtze, the tribal lands of the Indo-Burmese border and the vast Brahmaputra delta in Bangladesh. Facing altitudes as high as 17,500 feet as well as some of the world's deepest gorges, Palin also passed through political flashpoints like Pakistan's remote north-west frontier, terrorist-torn Kashmir and the mountains of Nagaland, only recently open to visitors.

New Europe Michael Palin 2010-05-27 No. 1 bestseller and superstar doing what he does best, introducing millions of avid readers to little-known peoples and places. Until the early 1990s, when the Berlin Wall came tumbling down, travelling behind the iron curtain was never easy. In undertaking his new journey through Eastern Europe, breathing in its rich history, and exquisite sights and talking to its diverse peoples, Michael fills what has been a void in his own experience and that of very many others. NEW EUROPE is very much a voyage of discovery, from the snows of the Julian Alps to the beauty of the Baltic sea, he finds himself in countries he'd barely heard of, many unfamiliar and mysterious, all with tragic histories and much brighter futures. During his 20-country adventure Palin meets Romanian lumberjacks, drives the 8.58 stopping train from Poznan to Wolsztyn, treads the catwalk at a Budapest fashion show, learns about mine-clearing in Bosnia and watches Turkish gents wrestling in olive oil. As with all his bestselling books, in his uniquely entertaining style, Palin opens up a new and undiscovered world to millions of readers.

The Golden Age of Railway Posters 2015-05-07 Few sights can reawaken memories of happy holidays of yesteryear as vividly as the superb railway posters that were so much a part of the great age of mass rail travel. Between the 1930s and 1950s — regarded by many as the heyday of advertising graphic art — a huge range of posters appeared, bearing slogans proclaiming the attractions of such resorts as 'Weston-super-Mare — in Smiling Somerset', and presenting a colourful picture of Britain at its best. Through images as diverse as bustling cities, scenes of rural tranquility and majestic mountain landscapes they offer an escapist paradise, where appealingly uncrowded beaches basking in permanent sunshine are just a train journey away. This beautiful collection includes over 80 vintage posters from the 30s, 40s and 50s, with individual poster captions describing the artists and locations depicted. Michael Pailin recaptures the spirit of the great days of railway holidays and train excursions in his entertaining introduction — an era that is both within living memory and yet part of a bygone age.

Halfway to Hollywood: Diaries 1980--1988 Michael Palin 2011-03-15 A Kirkus Reviews Best Nonfiction of 2011 title The second volume of Michael Palin's diaries covers the bulk of the 1980s, a decade in which the ties binding the Pythons loosened—they made their last film Monty Pyton's Meaning of Life in 1983. For Michael, writing and acting took over much of his life, culminating in his appearances in A Fish Called Wanda, in which he played the hapless, stuttering Ken, and won a BAFTA for Best Supporting Actor. Halfway to Hollywood follows Palin's torturous trail through seven movies and ends with his final preparations for the documentary that was to change his life—Around the World in 80 Days. During these years he co-wrote and acted in Terry Gilliam's Time Bandits as well as spearheading in Gilliam's follow-up success Brazil. Palin co-produced, wrote and played the lead in The Missionary opposite Maggie Smith, who also appeared with him in A Private Function, written by Alan Bennett. In television the decade was memorable for East of Ipswich, inspired his links with Suffolk. Such was his fame in the US, he was enticed into once again hosting the enormously popular show Saturday Night Live. He filmed one of the BBC's Great Railway Journeys as well as becoming chairman of the pressure group Transport 2000. His life with Helen and the family remains a constant, as the children enter their teens. Palin's joy of writing is evident once more in Halfway to Hollywood as he demonstrates his continuing sense of wonder at the world in

which he finds himself. A world of screens large and small.

Sahara Michael Palin 2010-05-27 Michael Palin's superb No. 1 bestseller about his incredible voyage across the Sahara. Michael Palin's epic voyages have seen him circumnavigate the globe, travel from the North to the South Pole and circle the countries of the Pacific Ocean, but this was perhaps the greatest challenge yet: to cross the vast and merciless Sahara desert. As the journey unfolds, the Sahara reveals not the emptiness of endless sand dunes, but a huge and diverse range of cultures and landscapes and a long history of commerce and conquest stretching from the time of the ancient Egyptians to the oil-rich Islamic republics of today. On his way, he encounters dangers such as camel stew, being run over by the Paris-Dakar rally and Dakar nightlife, as well as returning to the original spot where *THE LIFE OF BRIAN* was filmed.

Monty Python at Work Michael Palin 2014 Drawn from his published diaries, this is Michael Palin's account of the making of the Monty Python TV and stage shows, films, books and albums. *Monty Python at Work* opens on 8th July 1969 with Michael Palin's diary entry for the first day of filming on the very first episode of Monty Python's *Flying Circus*. The diary entries that follow – up until the opening of their final feature film, *The Meaning of Life*, in 1983 – chart the tumultuous story of how the now famous shows and films were conceived and brought to life. Palin records the evolution of Monty Python's comic style, the moments of creative inspiration as well as discord, the persistent self-doubt, and the happy accidents that shaped what are now classic comedy moments. He captures too the group's many anarchic exploits (John Cleese in a bikini; driving a Budget Rent-a-Van up Glencoe in full chainmail; filming "Scott of the Sahara" on the beach at Torquay), as well as their battles with BBC suits, budget-conscious film producers and self-appointed censors. Thanks to Palin's as-it-happened accounts, we are taken behind the scenes to watch with unrivalled intimacy the creative processes that led to the finished work, seeing how it was actually put together. By distilling everything about the Pythons at work, this edition of Palin's diaries serves as an intimate guide to the legendary shows, films, books and albums. David Mitchell

Blog entry: Michael Palin on what writer-performers can learn from the book, plus extracts from the early days of Python: 'If this account of the hoops we went through to turn that spirit into reality is instructive and inspirational today then I think it will indeed have proved itself to be some sort of educational tool, albeit in a very silly syllabus.' Python beyond Python Paul N. Reinsch 2017-07-14 This collection of original, interdisciplinary essays addresses the work of Monty Python members beyond the comedy show, films, and live performances. These men are prolific creators in a variety of artistic realms beyond the confines of the comedy troupe. Their work as individuals, before and after coming together as Monty Python, demonstrates a restless curiosity about culture that embraces absurdity but seldom becomes cynical. Python members collectively and individually create unique approaches to theatre, film, video games, comic books, business training videos and more. Python Beyond Python increases our understanding of this often neglected work and the meanings of Monty Python.

Around The World In Eighty Days Michael Palin 2010-05-27 'The pace of this kind of travel has not much changed since Fogg set out in 1872. Trains may be a little faster, but there are certainly no high-speed rail links yet across India, China or the USA. Passenger services have practically disappeared from the world's shipping lanes ... Recourse to air travel, even as a convenient means of escape, was not allowed.' Following the route taken by Phileas Fogg 115 years earlier, Michael Palin set out from the Reform Club to circumnavigate the world. The rules were simple, but nothing else about the trip was straightforward... From a tour of Venice on a rubbish barge to ship spotting at the Suez Canal and the bicycle rush hour and snake snacks in China, this is an unparalleled tribute to man's ability to make life difficult for himself.

Erebus Michael Palin 2018-10-16 Intrepid voyager, writer and comedian Michael Palin follows the trail of two expeditions made by the Royal Navy's HMS Erebus to opposite ends of the globe, reliving the voyages and investigating the ship itself, lost on the final Franklin expedition and discovered with the help of Inuit knowledge in 2014. The story of a ship begins after the defeat of Napoleon at Waterloo, when Great Britain had more bomb ships than it had enemies. The solid, reinforced hulls of HMS Erebus, and another bomb ship, HMS Terror, made them suitable for discovering what lay at the coldest ends of the earth. In 1839, Erebus was chosen as the flagship of an expedition to penetrate south to explore Antarctica. Under the leadership of the charismatic James Clark Ross, she and HMS Terror sailed further south than anyone had been before. But Antarctica never captured the national imagination; what the British navy needed now was confirmation of its superiority by making the discovery, once and for all, of a route through the North-West Passage. Chosen to lead the mission was Sir John Franklin, at 59 someone many considered too old for such a hazardous journey. Nevertheless, he and his men confidently sailed away down the Thames in April 1845. Provisioned for three winters in the Arctic, Erebus and Terror and the 129 men of the Franklin expedition were seen heading west by two whalers in late July. No one ever saw them again. Over the years there were many attempts to discover what might have happened--and eventually the first bodies were discovered in shallow graves, confirming that it had been the dreadful fate of the explorers to die of hunger and scurvy as they abandoned the ships in the ice. For generations, the mystery of what had happened to the ships endured. Then, on September 9th, 2014, came the almost unbelievable news: HMS Erebus had been discovered thirty feet below the Arctic waters, by a Parks Canada exploration ship. Palin looks at the Erebus story through the different motives of the two expeditions, one scientific and successful, the other nationalistic and disastrous. He examines the past by means of the extensive historical record and travels in the present day to those places where there is still an echo of Erebus herself, from the dockyard where she was built, to Tasmania where the Antarctic voyage began and the Falkland Islands, then on to the Canadian Arctic, to get a sense of what the conditions must have been like for the starving, stumbling sailors as they abandoned their ships to the ice. And of course the story has a future. It lies ten metres down in the waters of Nunavut's Queen Maud Gulf, where many secrets wait to be revealed.

Michael Palin's Hemingway Adventure Michael Palin 2010-05-27 A winning combination of No.1 travel writer Michael Palin and one of the great literary figures of the century. When Michael Palin was researching for his novel HEMINGWAY'S CHAIR his interest was stimulated by Hemingway's appetite for travel and 'Papa's' evocations of the places he knew. Hemingway remains a compelling figure, and Palin's goal was to revisit Hemingway's world. This book includes the American West ('wide lawns and narrow minds'), Idaho, Michigan

('fly fishing, hunting'), Europe in the First World (where Hemingway was wounded serving in the Ambulance Brigade), Cuba (where Hemingway wrote FOR WHOM THE BELL TOLLS), Paris in the Roaring Twenties and Spain during the Spanish Civil War, Sun Valley and Key West - where the Hemingway lookalike competition is an annual event.
