Atlas of the World 2007 Maps, photographs, illustrations, and text present information about the Earth and continental regions covering all the countries of the world. Includes sections on terrain, landscape, history, population, religious beliefs, climate, plants, and animals. An earth sciences section explains how volcanoes are formed and how they grow, why earthquakes occur, how rocks and fossils form, and how continents move. The World Book Encyclopedia 2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Oxford Discover Grammar, Level 2 Oxford University Press Staff 2014-05-01 Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford Discover gives teachers a range of activities to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.

Oxford Atlas for Pakistan 2011-05-08 The Oxford Atlas for Pakistan has been revised and updated with the latest digital maps that are accurate and easy to read. It offers a complete selection of thematic maps and data on the world and Pakistan. Every important aspect of Pakistan's geography is covered in detail and includes clearly presented maps, including especially designed maps for crops, irrigation, energy, key industries, literacy, population, main cities, rural settlements, transport, natural hazards, and environmental damage. Supplemented by an extensive section on the world and an easy-to-use gazetteer, this atlas will be an indispensable source for the general reader, researchers, universities and colleges, libraries as well as commercial organizations. This atlas is produced by the Cartographic Unit of Oxford University Press, UK, and researched by Dr Fazle Karim Khan, a Professor of Geography.

World Social Report 2020 Department of Economic and Social Affairs 2020-02-14 This report examines the links between inequality and other major global trends (or megatrends), with a focus on technological change, climate change, urbanization and international migration. The analysis pays particular attention to poverty and labour market trends, as they mediate the distributional impacts of the major trends selected. It also provides policy recommendations for addressing these megatrends in an equitable manner and considers the policy implications, so as to reduce inequalities and support their implementation.

Atlas DK 2015-04-01 From the Alps dominating Central Europe to the remote Rapa Nui island in the Pacific Ocean, carry the world in your pocket with this handy book.
