Micro-Entrepreneurship For Dummies Paul Mladjenovic 2013-04-22 Tired of the 9-to-5 grind and want a way to earn or to supplement your income? Easy. The media has named the growing trend toward micro-entrepreneurship "the Rise of the Creative Class," "the Gig Life," or "the freelance economy." All of those refer to the nearly 4 million workers who were self-employed this past year, and millions of others who currently supplement their income with freelance work. While the trend has been spotted before, there's one stark difference between micro-entrepreneurs today and the "Free Agent Nation" citizens of the late '90s: technology. Micro-Entrepreneurship For Dummies shows you how to navigate this confusing technological landscape in order to make a contributable profit. Micro-Entrepreneurship For Dummies aids you in making the best use of micro-entrepreneurial platforms, with helpful advice that includes information on signing up for and selling products on websites such as Airbnb, Craigslist, Taskrabbit, Uber, and Etsy. Micro-enterprise, using online platforms to sell products or services,??is a proven way to earn extra money and supplement household income In today's struggling economy, the importance of self-run businesses and small enterprise is growing as more people take lower-paying jobs and need a little extra spending money Shows you how to sign up for and sell products online Micro-Entrepreneurship For Dummies appeals to anyone looking to earn or supplement their income from home.

A Secondhand Lie Pamela Crane 2018-04-01 Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean Koontz's *The Neighbor*. Read as a standalone or as the companion book to *A Secondhand Life*.
