## The Cat of Bubastes George Alfred Henty 1889

Motel of the Mysteries David Macaulay 1979-10-11 It is the year 4022; all of the ancient country of Usa has been buried under many feet of detritus from a catastrophe that occurred back in 1885. Imagine, then, the excitement that Howard Carson, an amateur archeologist at best, experienced when in crossing the perimeter of an abandoned excavation site he felt the ground give way beneath him and found himself at the bottom of a shaft, which, judging from the DO NOT DISTURB sign hanging from an archaic doorknob, was clearly the entrance to a still-sealed burial chamber. Carson's incredible discoveries, including the remains of two bodies, one of them on a ceremonial bed facing an altar that appeared to be a means of communicating with the Gods and the other lying in a porcelain sarcophagus in the Inner Chamber, permitted him to piece together the whole fabric of that extraordinary civilization.

The Cat of Bubastes G. A. Henty 2015-07-03 Excerpt from The Cat of Bubastes: A Tale of Ancient Egypt My dear Lads: Thanks to the care with which the Egyptians depicted upon the walls of their sepulchres the minutest doings of their daily life, to the dryness of the climate which has preserved these records uninjured for so many thousand years, and to the indefatigable labour of modern investigators, we know far more of the manners and customs of the Egyptians, of their methods of work, their sports and amusements, their public festivals, and domestic life, than we do of those of peoples comparatively modern. My object in the present story has been to give you as lively a picture as possible of that life, drawn from the bulky pages of Sir J. Gardner Wilkinson and other writers on the same subject I have laid the scene in the time of Thotmes III., one of the greatest of the Egyptian monarchs, being surpassed only in glory and the extent of his conquests by Rameses the Great. It is certain that Thotmes carried the arms of Egypt to the shores of the Caspian, and a people named the Rebu, with fair hair and blue eyes, were among those depicted in the Egyptian sculptures as being conquered and made tributary. It is open to discussion whether the Exodus of the Jews from Egypt took place in the reign of Thotmes or many years subsequently, some authors assigning it to the time of Rameses. The Cat of Bubastes - A Tale of Ancient Egypt G. A. Henty 2017-01-01 Thanks to the care with which the Egyptians depicted upon the walls of their sepulchres the minutest doings of their daily life, to the dryness of the climate which has preserved these records uninjured for so many thousand years, and to the indefatigable labor of modern investigators, we know far more of the manners and customs of the Egyptians, of their methods of work, their sports and amusements, their public festivals, and domestic life, than we do of those of peoples comparatively modern. My object in the present story has been to give you as lively a picture as possible of that life, drawn from the bulky pages of Sir J. Gardner Wilkinson and other writers on the same subject. I have laid the scene in the time of Thotmes III., one of the greatest of the Egyptian monarchs, being surpassed only in glory and the extent of his conquests by Rameses the Great. It is certain that Thotmes carried the arms of Egypt to the shores of the Caspian, and a people named the Rebu, with fair hair and blue eyes, were among those depicted in the Egyptian sculptures as being conquered and made tributary. It is open to discussion whether the Exodus of the Jews from Egypt took place in the reign of Thotmes or many years subsequently, some authors assigning it to the time of Rameses. Without attempting to enter into this much-discussed question, I have assumed that the Israelites were still in Egypt at the time of Thotmes, and by introducing Moses just at the time he began to take up the cause of the people to whom he belonged, I leave it to be inferred that the Exodus took place some forty years later. I wish you to understand, however, that you are not to accept this date as being absolutely correct. Opinions differ widely upon it; and as no allusion whatever has been discovered either to the Exodus or to any of the events which preceded it among the records of Egypt, there is nothing to fix the date as occurring during the reign of any one among the long line of Egyptian kings. The term Pharaoh used in the Bible throws no light upon the subject, as Pharaoh simply means king, and the name of no monarch bearing that appellation is to be found on the Egyptian monuments. I have in no way exaggerated the consequences arising from the slaying of the sacred cat, as the accidental killing of any cat whatever was an offense punished by death throughout the history of Egypt down to the time of the Roman connection with that country.

Herodotus Jeanne Bendick 2009-08-01 Best-selling author Jeanne Bendick takes us for another informative—and amusing—journey into places and events of long ago. Herodotus and the Road to History, written in the first person, details the investigative journeys of Herodotus—a contemporary of the Old Testament prophet Malachi—as he takes ship from Greece and voyages to the limits of his own ancient world. His persistence, amidst disbelief and ridicule, in the self-appointed task of recording his discoveries as “histories” (the Greek word meaning “inquiry”), means that today we can still follow his expeditions into the wonder and mystery of Syria, Persia, Egypt and the “barbaric” north. Jeanne Bendick's lucid text, humorous illustrations and helpful maps entertain and instruct as they open the way for readers young and old to once again join Herodotus . . . on the road to history.

**The Cat Of Bubastes** George Alfred Henty 2020-02-11 The sun was blazing down upon a city on the western shore of the Caspian. It was a primitive city, and yet its size and population rendered it worthy of the term. It consisted of a vast aggregation of buildings, which were for the most part mere huts. Among them rose, however, a few of more solid build and of higher pretensions. These were the abodes of the chiefs and great men, the temples, and places of assembly. But although larger and more solidly built, these buildings could lay no claim to architectural beauty of any kind, but were little more than magnified huts, and even the king's palace was but a collection of such buildings closely adjoining each other. The town was surrounded by a lofty wall with battlements and loopholes, and a similar but higher wall girt in the dwellings of the king and of his principal captains. The streets were alive with the busy multitude; and it was evident that although in the arts of peace the nation had made but little progress, they had in every thing appertaining to war made great advances. Most of the men wore helmets closely fitting to the head and surmounted by a spike. These were for the most part composed of hammered brass, although some of the headpieces were made of tough hide studded with knobs of metal.
